

17th CADENAS Industry Forum, Augsburg, 8 March 2016

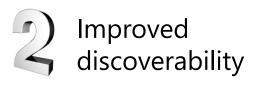

Design faster & more efficiently with 3D data from HellermannTyton based on eCATALOGsolutions technology

Anja-Karolin Schulze, Product Manager for Cable Protection Systems James Hill, PR & Communication Manager, EMEA-Region

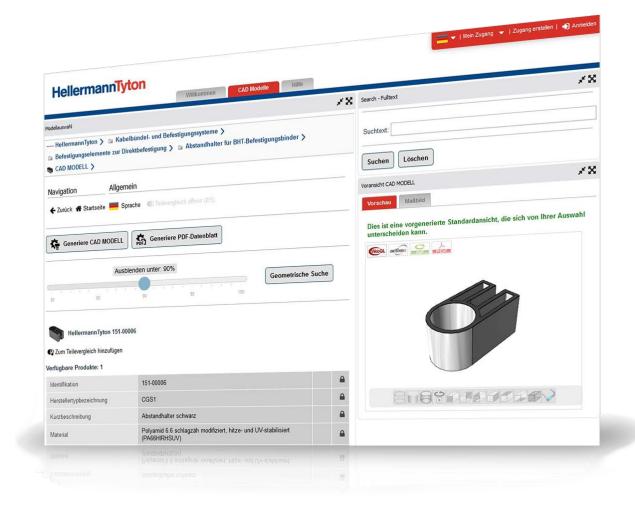

Three measures to success

Customer satisfaction boost

HellermannTyton in brief

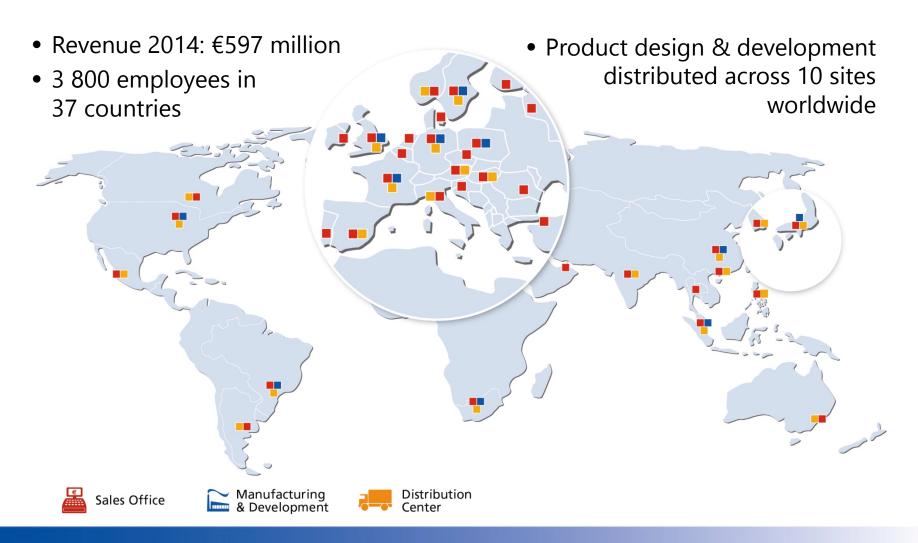

HellermannTyton operates globally as one of the leading manufacturers and suppliers of products for fastening, fixing, identifying and protecting cables and their connecting components. We also develop pioneering systems in the field of data and network technology.

For more than 80 years, we have been delivering high quality products around all aspects of cable management.

Global presence

Comprehensive product portfolio

HellermannTyton offers more than 60 000 products which we subdivide into seven main categories

Fixing and Fastening

Insulation

Protection

Identification Systems

Installers' Solutions

Customer orientation

Our success rests on decades of collaborative work with our customers

Solution competence

Our development expertise enables us to tailor solutions precisely to market-specific requirements

Product information at any time

We offer product information tailored to the needs of our sales partners, customers and prospects, wherever and whenever they need it.

- Central Cross Media Platform for all product data
- All information completely available in 18 languages
- Smart solutions according to eBusiness-Standards for simple connecting in electronic catalogues

1. Ease of use

The starting point: Growing demand for 2D and 3D data

- Simplified search and uncomplicated download of 2D and 3D data across different device displays
- Direct processing in engineering and ERP systems
- Automatic generation of part lists
- Triggering of purchase orders for downloaded items

1. Ease of use
